

SIMPLIFIED WESTERN FENG SHUI BAGUA FOR CREATING YOUR VISION BOARD

I often create my Vision Boards using this simplified Western Feng Shui Bagua as a guideline. This can be placed over your entire home, and over each room, over a table, over your desk, in a china cabinet or wherever you want to create more balance and harmony. This is a simplified Western Feng Shui (fung shway) bagua which I have taken from a number of sources. Check out Mark Ainley at <http://www.markainley.com/fengshui/index.html> for more information. You can also key word search: Western Feng Shui or Contemporary Feng Shui to get other sites.
